Re: Response to Grand Jury Subpoena #GJ20261005147350

Mr. [redacted] and Special Agent [redacted]:

Through this letter and attachment, Signal Messenger, LLC ("Signal") responds to the October 5, 2026 grand jury subpoena seeking responsive Signal user information. The American Civil Liberties Union represents Signal for the purposes of responding to the order.

The only information Signal maintains for any user account that is identified through a phone number is the date and time of account creation and the date of the account's last connection to Signal servers.[1]

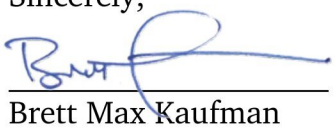

In the attachment, we have provided all of the responsive user account information we possess for the period of [redacted] to [redacted]. Of the four accounts for which information was sought, three accounts did not exist. For the remaining account, we have provided the responsive information.

Please direct any future correspondence regarding this matter to undersigned counsel.
